

MOTION NO. 404

MOVED BY: Anthony Chegahno

SECONDED BY: Bernard Keeshig

We, The Chippewas of Nawash Unceded First Nation, Band Council hereby direct that the monitoring station carries the authority and is directed to block access to our community to anyone who is not a band member and does not carry the official letter of entry that we provide to essential workers, contractors, volunteers and special consideration.

Also, all non-resident band members are to register their intention for entry before they visit with the Health Centre (this is for contact-tracing purposes and will be destroyed once our state of emergency and/or monitoring station is no longer valid).

This motion remains in effect until further notice.
