

# Work in Archaeology in 2023!

**AECOM** is currently hiring **Archaeology Field Technicians** and **Archaeology Field Supervisors** for the 2023 field season. This is an excellent opportunity to work outdoors this Spring, Summer, and Fall in consulting archaeology and learn about the culture history of what is now called Ontario!

Archaeology in Ontario is done by hand so if you like digging and screening and doing walking surveys across ploughed agricultural fields then this is the job for you! Come help us identify new archaeological sites and participate first-hand in all different stages of assessments in all kinds of weather! No experience necessary for entry-level roles.
